

AMENDED IN ASSEMBLY APRIL 26, 2005

CALIFORNIA LEGISLATURE—2005–06 REGULAR SESSION

ASSEMBLY BILL

No. 1458

Introduced by Assembly Member De La Torre

February 22, 2005

An act to amend Section 280.5 of the Public Utilities Code, relating to telecommunications.

LEGISLATIVE COUNSEL'S DIGEST

AB 1458, as amended, De La Torre. Telecommunications: lease of state property for wireless facilities: Digital Divide Account in the California Teleconnect Fund Administrative Committee Fund.

Existing law requires the Director of General Services, to compile and maintain an inventory of state-owned real property, excluding certain property, that may be available for lease to providers of wireless telecommunications services for location of wireless telecommunications facilities, and to provide a requesting party, upon payment of any applicable fee, with a copy of the inventory. Existing law authorizes the director to negotiate and enter into an agreement for the lease of certain department-managed and state-owned real property to any provider of wireless telecommunications services for location of its facilities, subject to specified conditions.

Existing law creates the Digital Divide Account within the California Teleconnect Fund Administrative Committee Fund in the State Treasury. Existing law requires that 15% of the revenues from fees collected from the lease of state-owned real property to the providers of wireless telecommunication services pursuant to the above-described provisions, except for revenues from fees collected from a lease agreement for access to Department of Transportation property or a lease agreement existing prior to January 1, 2004, be

deposited in the Digital Divide Account, to be available, upon appropriation by the Legislature, to finance digital divide projects through the Digital Divide Grant Program.

~~This bill would delete the above-described exception for revenue from a lease agreement existing prior to January 1, 2004, from the requirement that 15% of revenues from fees collected from the lease of state-owned real property to the providers of wireless telecommunication services be deposited in the Digital Divide Account, for purposes of those provisions, deem the renewal of an existing lease agreement to be a new lease subject to the 15% diversion to the account.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
